My precious Sootsie:-

Just received your Sunday letter and Sootsie, I sure am sorry you have to live at the hospital. You poor, tired little wifie mine, you certainly are having your little piece of trouble, aren't you? Honey, don't care, it won't be for long, if I can help it.

I am sorry you didn't get any mail from me except one in 3 days; as a matter of fact, I am writing every day, so can't understand why you don't get any mail. I hope this irregularity in the mail will soon stop as I want you to get my mail regularly.

I suppose you know, from my previous letters that I am out for myself, so there won't be much to write about that, except that I'm making lots of acquaintances & picking up a case here and there which means that that is the way a practice is built up. I only hope I get a strong, even though small, practice in a few months so that I can call for you.

Precious, don't work too hard. If you feel you can't stand living at the dispensary, quit the job and I'll try and send some money regularly. It can't be much as I'm not taken in nearly though I've got the cases. Keep your eyes open for an easy job.

It's 10 o'clock in the morning when this letter is being written so there isn't much to write about, so I will close now, to my darling, precious, sweetheart wifie, with all my love & kisses,

Everlovingly your hubby,

J.M.F.

Please excuse short letter as I haven't much time, what with me doing a lot of running around. Tell mondear I received her 2 letters, but will answer them to-morrow, having no time to-day. Tell her to take care of herself.
